

Data Analysis

Intro

[@dog_rates](#), also known as [WeRateDogs](#). WeRateDogs is a Twitter account that rates people's dogs with a humorous comment about the dog. These ratings almost always have a denominator of 10. The numerators, though? Almost always greater than 10. 11/10, 12/10, 13/10, etc. Why? Because "[they're good dogs Brent](#)." WeRateDogs has over 8 million followers and has received international media coverage.

We will answer few Questions below based on the data sets we got and the master data set we created combining all of them together

Questions will be like

How much popular is the WeRateDogs Account and if its popularity increased or decreased

What are the Dogs Categories as per users rating on the account and their analysis as per Data we got?

Who are the most popular kind of dogs and least?

Insight 1

We Rate Dogs Popularity is stigmatically increased as shown in below figure

And specially the users that favorites is increased in 2016 and in beginning of 2017

And also retweets of the dog ratings is increased

That reflects the popularity of the WeRateDogs account that is peaked in 2016 and 2017

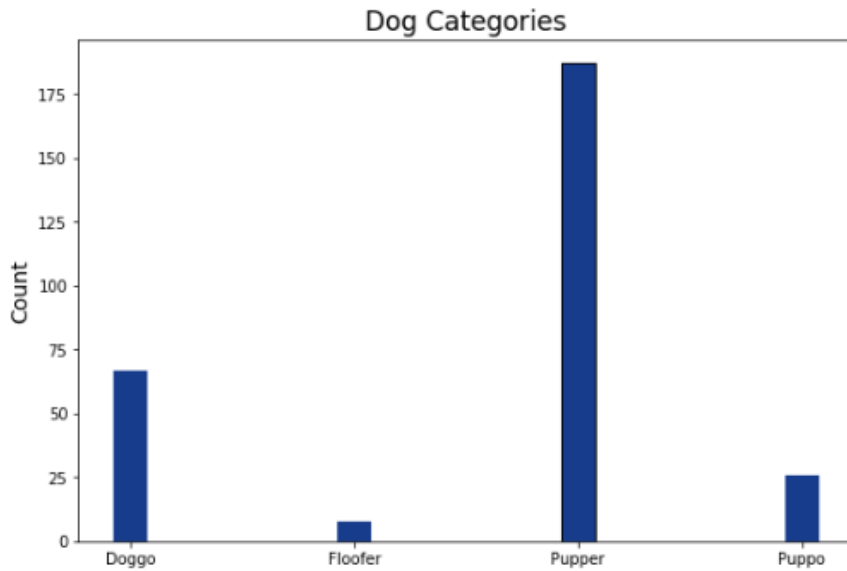

Insight 2

As Shown in below Figure

The Dogs have 4 Categories as per WeRatesDogs users and these are Pupper , Doggo , Puppo , Floofer

The most Common is the Pupper and least in Floofer as per the Rating

Insight 3

In the below Figure

We can obvious that Golden Retriever is the most popular and most loved dog from the users of the account

That reflects how awesome this dog is

Histogram of the 10 Most Popular Dogs Breeds
